UK Literacy Program

CDCB and UK Communication Disorders Program are offering a free early language and reading program to children and their parents. The goals of the program are to teach children early language and reading skills and teach parents how to use shared storybook reading with their children at home. Currently we have 15 families participating in the program. It's not too late to sign up! If you are interested in participating please fill out the attached form.

CDCB will be closed Thursday, November 25th and Friday November 26th for Thanksgiving Holiday!
